LOCATION: Reelfoot Lake, Samburg, Obion County

WATERSHED DESCRIPTION: Reelfoot Lake is a natural, depressional wetland that encompasses approximately 25,000 acres of shallow open water and vegetated wetland habitat. Adjacent land use is primarily rural agricultural. Reelfoot Lake has been designated a Class I - Scenic-Recreational Area and also a Wildlife Management Area administered by the Tennessee Wildlife Resources Agency. This project is also regulated pursuant to T.C.A. §69-1-1, which requires a permit to construct a structure or engage in an activity on or in Reelfoot Lake that may have the effect of impairing or obstructing navigability.

PROJECT DESCRIPTION: The proposed work involves dredging two 400 sq. ft. areas (located on either side of the inlet) three feet deep and one area about 2,800 sq. ft. (for a proposed boathouse) also three feet deep. The construction of a boathouse will require the placement of 10 to 12 3" metal poles into the lakebed for posts.
